Energetischer Maschinenbau , - wie energ. Umwelt – u. Medizintechnik

Energetic Mechanical Engineering , - plus energ. Environmental – and Medical Technologies

**Harmonisation and Transformation of multi – energetic Radiation –
Fields and of Electro – Stress**

Awaking as Support of full Harmonic – as being calm Health – Energies

Services :

- Bionic mechanical engineering , realisation of prototypes – till series ; -
- Energetic improvement of today's as of future technologies ; -
- Energetic transformations in agricultural – , infra – structural – , as in industrial processes ; -
 - treatment of agricultural fields , of seeds , of stock – houses of groceries , refrigerators , storehouses ; – of grain – mills , dairies , of market gardens ; – of hotels , of vacation – holiday und free – time recovery – facilities and parks , of swimming – pools , cisterns , waterworks and reservoirs ; – also of machines , DC – AC – generators , transformers , heating - facilities , boilers , of oil – and gas – tanks ; – of especially big photovoltaic – as of wind power – plants , of water – turbines , of offshore - cables , of overhead contact lines , pipelines etc. ; – also of cars trucks and ships ; – of big lightning – and of stereo – sets ; – of handy – UMTS – radio – TV – etc . – senders and of power – stations ; – for low – , medium – and high – voltage
- Energetic improvement of products und devices of extern producers
 - also of medicines , dentures , artificial limbs , of medical diagnosis – and treatment – devices , of hearing – aids , spectacles , of private as of working – clothes ; – of electric wheel-chairs ; – of technical gases , pouring – goods and fluids ; – also of paintings , gems , sculptures und sculptural – artistic materials and colours ; – also of music – instruments , organs and church – bells ; -

- Improvement of the organic agriculture and horticulture , energetic improvement of agricultural – machines ; -
- Treatment of apartments and houses – till industrial – buildings and – structures , – of hospitals , surgeries , nursery – institutions , schools or administration – buildings , of concert – halls , health food stores and sacral buildings ; -
- Inspections of building sites and energetic building site selections , also energetic town planning – as countryside – planning examinations ; -
- Energetic countryside – transformations ; – treatment of otherwise not to explain accident – intensive highways , roads and streets ; – of otherwise not to explain over long – time un – saleable houses and buildings ; -
- Consultations to the ecologic – energetic architecture ; – beside of architectural flow-scientific panic – preventativ actions in the cases of emergency ; -
- Energetic (- current – adäquate -) river – and water – engineering , of cisterns , wells and water – processing – facilities , treatment of springs and spring – areas ; -
- Energetic seminars for Medical and Natural Doctors and medical Professions , for Nurses and Healers , for Architects , Farmers , for working up of food and for food trading , for environmental Engineers , for the Industry , – as for Scientists , Politicians , for Artists and Musicians !!! .
