**M A T A T E C – Energetic Testing Results**

Here the at **Part 2** ( *inside the text* ) just integrated ,

– but here without of additional explanations shown .

( PS. : The second **side-number** shows where You could find the same inside of Part 2 )

At first in front of asking for manifesting the **BRAHMASTHAANAM** inside of the **Shanti Ananda Nature Concept School** of **Mudigubba** :

**A ) Thursday the 30.01.2014 , on the way from Puttaparthi to Mudigubba ( - behind Chitravathi – bridge left side and about 45 km in north-east direction )**

**Shortly behind of Puttaparthi , the subtle energy was deeply down** ( - more than in the cellar ) ; - in midst of the over some kilometres dragging on **Mango** – forests in front of the northern mountains , – the subtle energy feels to be much more agreeable ( - out of too less of time , - it was not possible here to perform a right measurement with technical apparatuses ; - the momentary subtle energetic quality of the whole landscape is mostly similar ) .

**Ps. :** The next tests and measurements till **Test G at side 10/27** , – where all proceeded **on Thursday the 30.01.2014 !!!**

**B ) Then again ( also on Thursday the 30.01.2014 ) on the plateau behind of the mountains ( - just behind of a small village with a Mobile phone – transmitter tower on the left side towards the west ) :**

1 **M A T A T E C – Energy – Feeling Method** = extremely down

2 **M A T A T E C – "OM" – Harmony** = extremely disharmonic

3 **Körbler – Status** = 5 – 6 a strong not nice bodily feeling , - of an extremely .  
blocked up subtle energy

4 **Bovis – Units** = around 2350 ( - inside of a status of severe illness )

5 **VAASTHU** – relevant Energies :

**Solar Power** = zero absent

**MA – OM Shakthi – Power** = zero absent

**SHIVA – Power** = zero absent

6 **Negative energies** : UV , IR , D – Energy , GS - Geopathic stress energy , - are all violently here .

7 **A** measurement with a special dowsing-rod , - for what is the actual subtle quality of a **Thread of Water ???**

**Actually only very difficult till dangerous subtle energies and frequencies are there , -** also impacting the whole landscape as agriculture .

8 **Another** measurement with the same above dowsing-rod , - for what is the positive Healing – energy's **AURA** – width of a small ( - always about 1 cm diameter great ) stone **???**

**Here there where no healing – powers at all !!!**

**C )** Just in front of the SHANTI ANANDA school – area ( - on the fields opposite of the entrance right side of the small street ; **also Thursday the 30.01.2014** ) :

- 1 **M A T A T E C – Energy – Feeling Method** = a very strange reaction of the hand , strongly down
- 2 **M A T A T E C – “OM” – Harmony** = extremely disharmonic
- 3 **Körbler – Status** = 5
- 4 **Bovis – Units** = around 1850 ( - inside of very severe illness )
- 5 **VAASTHU** – relevant Energies :
  - Solar Power** = zero absent
  - MA – OM Shakthi – Power** = zero absent
  - SHIVA – Power** = zero absent
- 6 **Negative energies** : UV , IR , D – Energy , GS - Geopathic stress energy , - are all violently here .
- 7 **A** measurement with a special dowsing-rod , – for what is the actual subtle quality of a **Thread of Water ???**

**Actually only very difficult till dangerous subtle energies and frequencies are there** , – also impacting the whole landscape as agriculture .

- 8 **The** other measurement with the same above dowsing-rod , – for what is the positive Healing – energy’s **AURA** – width of a small ( - always about 1 cm diameter great ) stone **???**

**Here there where also no healing – powers at all !!!**

Now inside of the **SHANTI ANANDA NATURE CONCEPT SCHOOL** – area in Mudigubba ( also on Thursday the 30.01.2014 ) :

**D 1 )** In front of the guesthouse beside of the Lotus – pond

- 1 **M A T A T E C – Energy – Feeling Method** = an odd reaction of the hand ( at dual positive ??? ) but going down towards 2. Chakra
- 2 **M A T A T E C – “OM” – Harmony** = at about 15° just disharmonic
- 3 **Körbler – Status** = 5 just in front of coming towards the positive side
- 4 **Bovis – Units** = 6000 ( - much better than above , but also at the illness side )
- 5 **VAASTHU** – relevant Energies :
  - Solar Power** = zero absent
  - MA – OM Shakthi – Power** = zero absent
  - SHIVA – Power** = zero absent
- 6 **Negative energies** : UV , IR , D – Energy , GS - Geopathic stress energy , - are all violently here .
- 7 **A** measurement with a special dowsing-rod , – for what is the actual subtle quality of a **Thread of Water ???**

Actually to my big surprise just the coming up 2. and 3. healing frequency , no Golden frequency ( - but also just being there the difficult till dangerous frequencies ) .

**Therefore the good social work of these people , – shows just some hopeful environmental reaction !!!**

**D 2 )** Beside of the northern schoolhouses , north and outside of the North American First Nations Indians Medicine – Wheel ( **also on Thursday the 30.01.2014** )

1 **M A T A T E C – Energy – Feeling Method** = an odd reaction of the hand ( at dual positive ??? ) but going down towards 2. Chakra

2 **M A T A T E C – “OM” – Harmony** = at about 15 – 20° disharmonic

3 **Körbler – Status** = 5 just in front of coming towards the positive side

4 **Bovis – Units** = 5800 ( - less than above , also at the illness side )

5 **VAASTHU** – relevant Energies :

**Solar Power** = zero absent

**MA – OM Shakthi – Power** = zero absent

**SHIVA – Power** = zero absent

6 **Negative energies** : UV , IR , D – Energy , Geopathic stress energies , - are just all here .

7 **A** measurement with a special dowsing-rod , – for what is the actual subtle quality of a **Thread of Water ???**

Actually to my big surprise just the coming up 1. , 2. , 3. , 4. u. 5. healing frequency , just no Golden-frequency ( - but also just being there the other difficult till dangerous frequencies ) .

**Therefore the energetic quality of the school-area is not at every place same !!!**

**D 3 )** In front and north side of the new administration-building ( **also on Thursday the 30.01.2014** )

- 1 **M A T A T E C – Energy – Feeling Method** = just an odd reaction of the hand ( at dual positive ??? ) but also going down towards 2. Chakra
- 2 **M A T A T E C – “OM” – Harmony** = at about 15° disharmonic
- 3 **Körbler – Status** = 5 just in front of coming towards the positive side
- 4 **Bovis – Units** = 5800 ( - just at the illness side )
- 5 **VAASTHU** – relevant Energies :
  - Solar Power** = zero absent
  - MA – OM Shakthi – Power** = zero absent
  - SHIVA – Power** = zero absent
- 6 **Negative energies** : UV , IR , D – Energy , Geopathic stress energies , - are just all here .
- 7 **A** measurement with a special dowsing-rod , – for what is the actual subtle quality of a **Thread of Water ???**

Actually to my big surprise just the coming up 1. , 2. , 3. , 4. healing frequency , just no Golden frequency ( - but also just being there the other difficult till dangerous frequencies ) .
- 8 **A** measurement with the **L – rod** ( - here also inside and outside of the Construction Office etc. ) shows that computers electrical wires several machines and batteries are just showing an negative disturbing energy-field **???**

**E ) Thursday the 30.01.2014 VAASTHU – Measurements**

For searching the here now highly essential right position of the **BRAHMASTHAANAM** ( - here for all of us highly pleasingly , - the right point was found just very optimal , - close to the main central playing ground , - north of the way towards the guesthouse and opposite of the new water – reservoir and administration – building , - just on top of a rock and just beside these rocks , where the first school – area’s inauguration ceremony was performed 2010 with **AGNI HOTRA** ( - see the pictures ) ) , – I was looking and measuring with an special instrument the **UT – Scanner** from north-east ( *spiritual* ) side of the school area , – where the over the **VAASTHU – BRAHMASTHAANAM YANTRAM** noticeable **ABSOLUTE** here likes to be and to be fully manifested ???

**F ) Thursday the 30.01.2014 VAASTHU – Cosmic Transformation**

Testing of what kind of the over 12 **VAASTHU – YANTRAS** would be important as in highest need to transform the school-area on cosmic levels ;

- but here especially in the momentary just not so nice subtle energy status ; - and also in front of - or ( - *for now* ) without of the use of my additional possible highest advanced **M A T A T E C – techno-logical** procedures and blessings **???**

Here , as it was measured with my special apparatus , - that equivalent to the energetic situation of the school area ,

- for the so called **Cosmic Transformation** ,

- just all VAASTHU – YANTRAS should and have to be probably used ( - without of a single exception ) !!!

**G )** Several tests and measurement at the whole school – area ( - after first time just laying down for some minutes the **VAASTHU – BRAHMAST-HAANAM YANTRAS** to the right point ) **also on Thursday the 30.01.2014**

1 **M A T A T E C – Energy – Feeling Method** = the energy is going higher

2 **M A T A T E C – “OM” – Harmony** = is slowly coming

3 **Körbler – Status** = here not measured

4 **Bovis – Units** = here not measured

5 **VAASTHU** – relevant energies :

**Solar Power** = power is coming

**MA – OM Shakthi – Power** = power is coming

**SHIVA – Power** = power is coming

6 **Negative energies** : – most of them have just gone

7 **A** measurement with a special dowsing-rod , – for what is the actual subtle quality of a **Thread of Water ???**

Now also **Golden – Frequency** is coming !!!

- /28 -

8 **Then the** measurement with the same above dowsing-rod , – for what is the positive Healing – energy **AURA** – width of a small ( - *always about 1 cm diameter great* ) stone **???**

**Here it where now about 9 meters radius of some healing – powers !!!**

So after the **VEDIC** inauguration **PUJA** at **Thursday the 6.02.2014** , - also to have a scientific prove , I measured the whole energetic situation ones more .

**Here the results :**

**H )** Several tests and measurement within the whole school – area ( - at all places and testing-points the resulting energy-quality was always same)

1 **M A T A T E C – Energy – Feeling Method** = **+++ !!!**  
highest energy

2 **M A T A T E C – OM – Harmony** = **+++ !!!**  
is manifested

3 **Körbler – Status** = **9 Highest Energy !!!**

4 **Bovis – Units** = no more to check , - no reaction of the pendulum anymore ( - as I know nowadays , - **“AUM” – energies are supramental and higher level** . ) .

5 **VAASTHU** – relevant energies :

**Solar Power** = **full powers !!!**

**MA – OM Shakthi – Power** = **full powers !!!**

**SHIVA – Power** = **full powers !!!**

6 **Negative energies :** **All have totally gone !!!**

7 **A** measurement with a special dowsing-rod , - for what is the actual subtle quality of a **Thread of Water** ???

**Full healing – powers in all waters !!!** -

8 **Also** the measurement with the **L – rod** ( - here also inside and outside of the Construction Office etc. ) shows , - that all computers electrical wires several machines batteries mobile phones etc.

- have now all lost their before negative disturbing energy-fields !!!

9 **But also** , - there are no subtle **polarity – axes** of any matter around anymore ;

- the whole nature around has “ A U M ” – identically calmed down !!!

10 **Afterwards** ( - equal to the measurements **F** from above **side 18** ; - ) I was also ones more testing , - what kind of **VAATHU – YAN-TRAM** would now additionally

- but here now especially after the special blessings with **M A T A T E C – “ AUM ”– Healing – Technologies** ( - because without of them ( - I’ve just got known through many own experiences ) , - nothing would change on these levels ; - )

just be important to use as well ???

But also here the situation has also totally changed !!!

- **No single VAASTHU – YANTRAM** has to be used for additional **Cosmic Transformation** anymore ;

- so all the Godly aspects are fully present !!!

I ) So but also to know what's going on also outside of the school – area ( - also at Thursday the 6.02.2014 ) ,

- I thought of , that it will be good also to test just the same field ( - opposite the main gate ) where I was measuring the subtle energy-quality just some days ( - above at Side 13 – C ) before :

**Now these results :**

- 1 **M A T A T E C – Energy – Feeling Method** = the energy is coming
- 2 **M A T A T E C – “OM” – Harmony** = the energy is getting much more better
- 5 **VAASTHU** – relevant energies :
  - Solar Power** = full power !!!
  - MA – OM Shakthi – Power** = full power !!!
  - SHIVA – Power** = full power !!!
- 6 **Negative energies :** Have also totally vanished !!!
- 7 **A** measurement with a special dowsing-rod , – for what is the actual subtle quality of a **Thread of Water** ???
 

Full healing – powers in all waters !!! –
- 9 **But** also here there are no subtle polarity – axes of any matter around anymore ;
  - the whole nature around has “ A U M ” – identically calmed down !!!

**J )** Several tests and measurements on the way to Bangalore Airport  
 ( - around one hour out of Puttaparthi towards Bangalore direction )  
**at Saturday the 22.03.2014**

1 **M A T A T E C - Energy - Feeling Method** = **+++ !!!**  
highest energy

2 **M A T A T E C - "OM" - Harmony** = **+++ !!!**  
is manifested

3 **Körbler - Status** = **9 Highest Energy !!!**

4 **Bovis - Units** = no more to check , - no reaction of the pendulum anymore .

5 **VAASTHU** - relevant energies :

**Solar Power** = **full powers !!!**

**MA - OM Shakthi - Power** = **full powers !!!**

**SHIVA - Power** = **full powers !!!**

6 **Negative energies :** **All have totally gone !!!**

7 **A** measurement with a special dowsing-rod , - for what is the actual subtle quality of a **Thread of Water ???**

**Full healing - powers !!! -**

8 **Also** the measurement with the **L - rod** ( - here also inside and outside of the Construction Office etc. ) shows , - that also these electrical high voltage wires

- **had now no negative disturbing energy-fields on this level anymore !!!**

- 9 **The** other measurement with the same above dowsing-rod , – for what is the positive Healing – energy **AURA** – width of a small ( - *here also about 1 cm diameter great* ) stone **???**

**Here it where now about 29 meters of full healing – powers  
!!!**

- 10 **But also** here , – there where no subtle **polarity – axes** of any matter around anymore ;

**the whole nature around has “ A U M ”– identically  
calmed down !!!**

Here now , - to complete the information ,

- the last energetic view , You could find at the end of **Part 5**
